

# CHEWING GUM APPLICATION FORMULA- Sugerless

## INGREDIENTS

|  |                        | %                |
|--|------------------------|------------------|
|  | 1.GUM BASE             | 30,22            |
|  | 2.SORBITOL P           | 53               |
|  | 3.MANNITOL P 956820    | 5                |
|  | 4.LYCASINE             | 9                |
|  | 5.GLYCERINE            | 2,5              |
|  | 6.SUCRALOSE            | 0,1              |
|  | 7.ASK                  | 0,18             |
|  | CITRIC ACID/MALIC ACID | Recommended dose |
|  | FLAVOR                 | Recommended dose |

## PROCESS

- 1- Mix gum base and half of sorbitol step by step until it is well homogenized
  - 2- Add liquids
  - 3- Add rest of powders except ASK& sucralose
  - 4- Add ASK& sucralose, mix until well homogenized
- Then add citric acid and flavor
